There are no appropriators of water on Tom Kane Creek above this point nor are there any below and the water in flood season does not reach the Humboldt River or any tributary. Applicants purchased land from Ambrose Truett and they desire to store water during flood season and night time to be used during day time of irrigation season.

6. Estimated time required to construct works 6 months.
7. Remarks Perhaps no application is necessary in this matter since Urresti and Yriarte assignees of Ambrose Truett are now using all the water available from Tom Kane Creek.
